Collective Bargaining
Amalgamated Bank has a deep history in unions and workers’ rights. Externally and internally, the rights of workers are a central theme for our work. Amalgamated Bank is a union founded bank and the union remains our largest shareholder. Collective bargaining is believed to be a fundamental right. Approximately 30% of the Bank’s workforce is unionized and has collective bargaining rights per agreements with the union. Those agreements include information on their rights and grievance policies. The Bank openly supports unionized labor and collective bargaining. Unionization is explicitly encouraged.

Equal Opportunity and Non-Discrimination
It is the Bank’s policy to provide equal employment opportunity to all applicants and employees, and not to discriminate on any prohibited bases under the law. Amalgamated Bank supports equal opportunity in employment no matter your race, gender, creed, religion, citizenship status, veteran/military status, genetic information or disability, marital status, sexual orientation, and or other protected classes. The Bank takes action to ensure a work environment that does not discriminate and supports affirmative action for all employees. The specifics of these policies and procedures are contained in the Employee Policy Manual. Employees are encouraged to communicate instances of discrimination with their manager or members of the Equal Employment Opportunity Panel.

Diversity & Inclusion (D&I)
We are committed to creating a professional environment that is diverse, inclusive and accessible and empowers all of our employees to succeed and achieve their goals. We are dedicated to building a more equitable world in our everyday practices by embracing the values and diversity of our employees, free of conscious and unconscious bias. We stand firm in our views that LGBTQ+ people should be ensured basic equal rights and live safely and openly. We provide annual training for our employees on conscious and unconscious bias. We support formal and informal D&I mentorship opportunities under that belief that mentoring programs can serve as a powerful method for encouraging organizational diversity. We offer gender neutral bathrooms and allow staff and visitors to use gender specific bathrooms which fit their own gender definition. We offer an insurance plan that covers gender affirming surgery and hormone therapy.

Disability Inclusion: Supporting people with disabilities and special needs
We seek to continuously improve our standards and processes to better accommodate people with disabilities – with a focus on recruiting, hiring and advancing individuals with disabilities – and empowering them by providing accommodations and access to the tools, information, support, and systems they need to succeed in their work. We are committed to building a pipeline of talent by working with external partners in the disability community. In general, educational requirements are reviewed and waivers taken into consideration on a case by case basis and may be supplemented by real-time training, as appropriate.
To ensure we meet the web accessibility and usability needs of all our customers, on an annual basis, we engage an independent firm to perform an American Disability Act (ADA) corporate website accessibility audit to certify we continuously meet ADA requirements.
